

IMS DROP-OFF

Proud of Recycling

We are proud to be the recycling outlet to our neighbours as well as implementing programs to reduce our impacts.

Did You Know?

We have diverted:

- 310 tonnes of waste electronics since June 1, 2009
- 72.1 tonnes of tires since September 25, 2009
- 38.5 tonnes of clean wood since June 2010
- 49 tonnes of cardboard in 2011

Efficiently operate

- Continuously diverting waste from landfill through recycling programs or reusing in our operations
- Effectively direct customers to the appropriate disposal containers

Acknowledge our part

- Maintaining a safe environment for customers and employees
- Taking correct measures for quick incident response

Reduce our impacts

We:

- participate in the Waste Electrical and Electronic Equipment Program (WEEE) and the Ontario Tire Stewardship Program (OTS)
- accept clean wood and reuse as a carbon source at the Compost site
- accept cardboard and send to Niagara Recycling
- accept used batteries and send to Raw Materials Company for recycling
- sort metal from loads and take to Sam Adelstein & Co Limited for recycling
- send reclaimed concrete and asphalt to Walker Brothers Quarry to be processed into product

Take time to plan

We:

- accept only wastes approved under our Certificate of Approval
- have clearly marked areas on site for proper separation

Higher Environmental Performance

- Demonstrate due diligence by checking every load and separating different waste streams for proper management

1st Innovation and leadership

- Were one of the first companies to participate in the WEEE program
- Take the initiative to start new programs and look for new opportunities

QUESTIONS / DISCUSSIONS

1. What are your recycling initiatives at your site?
2. In what ways could you improve your recycling program at home or on-site?
3. What are you most proud of at your site?
