

NORJOHN CONTRACTING & PAVING

Proud of Environmental Initiatives

The positive attitudes of NJC employees contribute to the environmental protection at the facility and project sites.

Efficiently operate

- Recycle asphalt into road base
- Cold mix paving with Midland Paver
- Reuse concrete from projects at Walker Aggregate sites
- Used excess emulsion as dust control in the NJC parking lot
- Installed a new fueling system eliminating manual tickets, saving time and increasing accuracy

Acknowledge our part by

- knowing the importance of protecting the environment
- projecting a positive image to the public
- conducting daily site clean-ups
- maintaining the landscape at the NJC office
- improving the appearance and organization of the equipment yard
- designating employees to maintain yard and conduct monthly inspections

Reduce our impacts

- We:
- switched to high efficiency lighting with motion sensors
 - purchased new recycling bins for the kitchen
 - have a program in place for electronic filing of job contracts
 - installed double walled tanks for hydraulic oil with safety barriers

Take time to plan

- We:
- installed new metal shingles that:
 - are 100% recyclable
 - have a longer life span than asphalt shingles
 - reduce waste to landfill as they are installed over the original shingles
 - help maintain the temperature of the building, reducing energy costs

Higher Environmental Performance

- We:
- encourage customers and employees to use electronic invoicing and filing

1st Innovation and leadership

- Fibremat process helps extend the life of pavement by 7-10yrs.
- Benefits include:
- less materials used
 - less waste to landfill
 - less impact on traffic and the environment
 - cost savings

EARTH1st CHAMPIONS

We welcomed Norjohn-ACI into the Walker group of companies in May 2012 and find the facility in Florida is already embracing the EARTH 1st principles. They reuse wash water in their products wherever possible and make the effort to reuse scrap pieces of paper at the office and at home.

Great job, Norjohn ACI!

Who do you know who commits, creates and participates in EARTH 1st?
