

Adopt New Ideas

Ever notice how sometimes your frame of mind can get in the way of finding a solution? Problems can't be solved within the mindset that created them.
A solution may be as easy as giving up an old idea.

Changing your perspective may be the best way to solve a problem.
By sharing ideas, we can change our mindset and make the right choices for the environment. Let's plan for a society that lives, works and plays in a way that supports and enhances the health of the environment.

Try embracing these ideas:

- We are all part of the environment as individuals, as organizations and as institutions
- A healthy environment means a healthy self
- Supporting the environment is part of every choice that we make
- The environment supports us – let's look for ways to support it

Strive **FOR** Wise

YOU HAVE THE POWER
TO MAKE A DIFFERENCE.

REMEMBER: MAKE ROOM FOR NEW IDEAS,
LET GO OF SOME OLD ONES!

QUESTIONS/DISCUSSIONS

RECORD RESPONSES SPECIFIC TO YOUR SITE

1. What old ideas could be given up to support the environment? _____
2. What new ideas have you implemented to support the environment? _____
3. Have you shared these ideas with others? _____
4. How can you encourage new ideas that support the environment? _____

Celebrating Earth Day 2017

Employees were busy celebrating Earth Day!

Activities included:

- Litter clean-up with the Scouts – Vineland Quarries
- Community Clean-up – Walker Emulsions Burlington
- Participation at the Ridgeway Crystal Beach High School and Friends of Fort Erie Creeks Earth Day Fair
- Participation at the Niagara College BioBlitz
- Participation at the Links for Greener Learning Earth Day Expo
- Participation at the Notre Dame ND Eco Club Earth Week
- Lunch and Learn on supporting local pollinators at the Niagara campus and flower seed giveaways

Please send Jamie Mereweather your photos/details, if you have not already!

Take a look at the Earth Day Blog for more photos and information:
